For years, pergolas have been known to add grace, style, comfort, and architectural character to homes around the country, but also known for their high maintenance with cleaning and painting all the little cracks and pieces. GreenWay vinyl pergolas are designed and built with quality vinyl products, offering you all of the above without the maintenance! Imagine! A lifetime of enjoyment and beauty without the thought of painting again.

All vinyl pergolas come with a lifetime warranty and come in a large selection of styles and choices. If you need an odd shape or size, don't despair. Remember, custom is our specialty!

Pergolas look great in any setting and will add dimension to your house. A pergola can become the focus of your garden, deck or patio area. It will add balance to your yard and best of all, create a new exterior room to enjoy! The shade pergolas offer is ample. What are you waiting for? Get your new vinyl pergola kit today... you'll be getting rave reviews from your neighbors tomorrow!

All pergolas come with
a lifetime warranty!

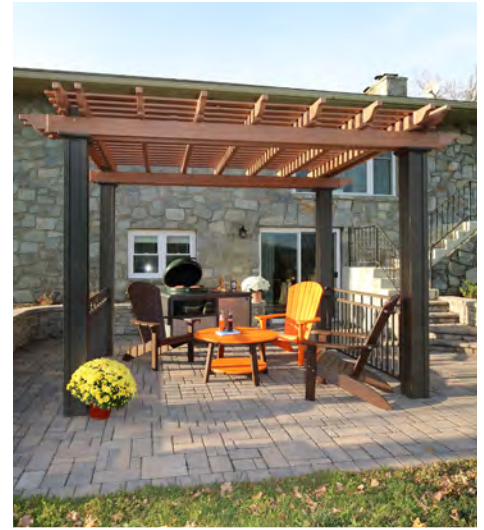

Tuscany

GreenWay offers the Tuscany style as one of the most durable pergolas on the market. You have many viable options including 3 color options, 4 post styles, an array of shade options, attached to your house or free-standing, and other customizable options that add aesthetic decorations to your home.

The standard Tuscany model has double 2" x 8" beams and 2" x 6" rafters with aluminum inserts allowing a clear span distance of up to 18'. The vinyl posts are installed with an internal, structural, galvanized core with specially designed spacers and hardware. The galvanized steel is attached directly to the beams bearing the weight of the pergola making it one of the strongest post systems on the market.

Special Feature:

Double beam mounted to the structural post for aesthetical appeal.

Garden Spot

Garden Spot brand is an economical, yet versatile line of pergolas. With the same warranty as the Tuscany, this is an excellent option for a tighter budget or a lighter appearance to match your house.

Garden Spot uses a single 2" x 8" beam that slides through the routed post. The post brackets are mounted on concrete or a wood deck sleeved with 5" and 6" square vinyl post. The 2" x 6" rafters are mounted on top of the single beam with a mounting bracket. Endless options including a customizable design that could make a dream become reality for your house.

Special Feature:

Routed post system allowing the rafter and beam to insert for improved rigidity.

Custom

The ability to accentuate your house with a pergola can make the difference of having a nice backyard or having a beautiful backyard!

Buying a pergola kit is only a start to setting you apart from your neighbors, but don't stop there.

Beginning with various post sizes and heights to ceiling fans and Christmas lights, we are here to best suit your needs. Consider our 3 color options (white, almond, khaki) and select which color will best match your house or yard. Maybe you would like double rafters or a different style shade slat, no problem, customizable spacing with different shade options including EZ Shade Canopies are available.

Building A-Frame pergolas or cutting crazy angles might also be the perfect option to beautify your backyard.

You dream it, we fabricate it.

Canopies

Want to spend more time on your patio in the hot summer months? Choose an overhead canopy for optimum shade with the ability to open or close with ease. Water resistant fabric with certified outdoor hardware makes it a recommended choice.

Khaki Vinyl

Beams & Rafters

Beams and rafters come standard with a lightweight durable aluminum insert. Wood 2" x 6" and 2" x 8" inserts are also available.

Vinyl picnic tables with galvanized steel legs designed for ease of sitting and standing. No maintenance or splinters makes this table an optimum for all homeowners.

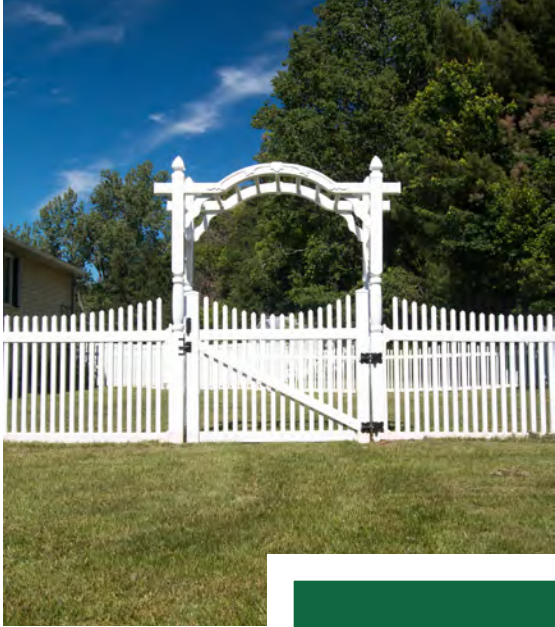

Fill your appetite with early garden vegetables. No maintenance vinyl hotbeds or cold frames available in 6' and 8' wide with 3 color options.

Arbors

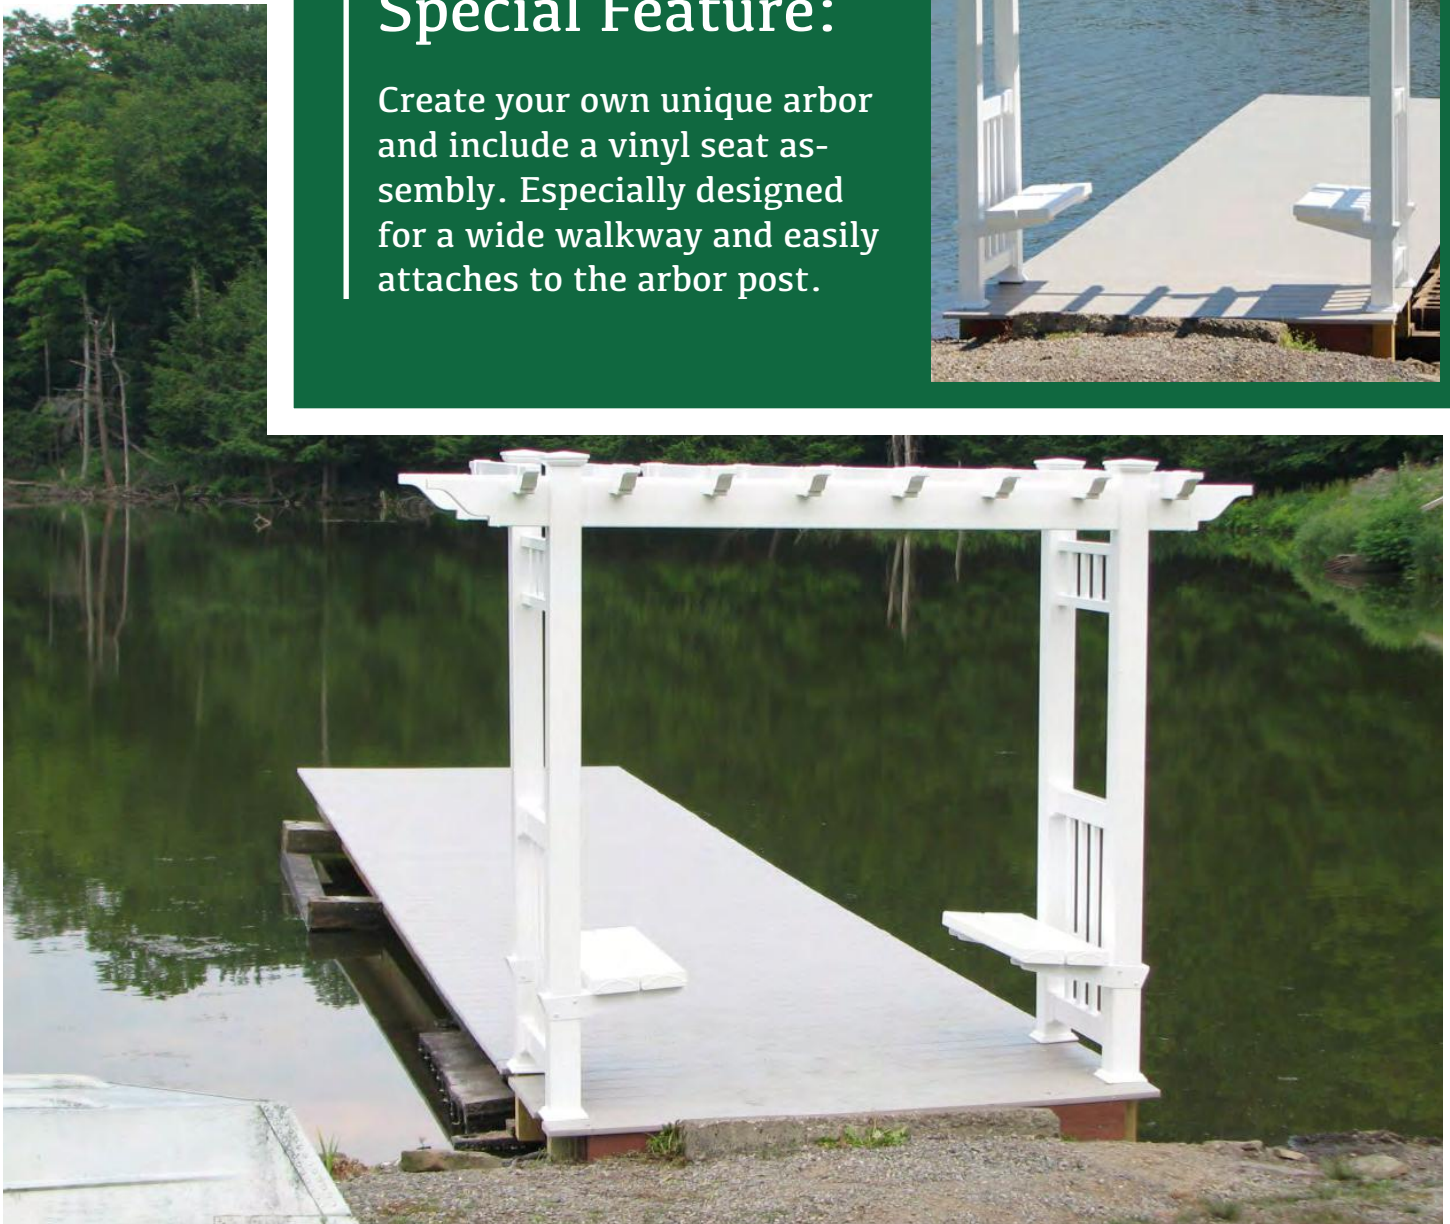

Looking to add just a touch of elegance to enhance your backyard? Arbors make great background scenes for photography or can be used as a trellis for climbing roses and other plants. Attach your vinyl fence to the arbor of your choice and create a safe, visible entryway.

Special Feature:

Create your own unique arbor and include a vinyl seat assembly. Especially designed for a wide walkway and easily attaches to the arbor post.
